

With reference to:

Managing Climate Change and Sustainability through Behavioural Transformation

Prof. Parul Rishi

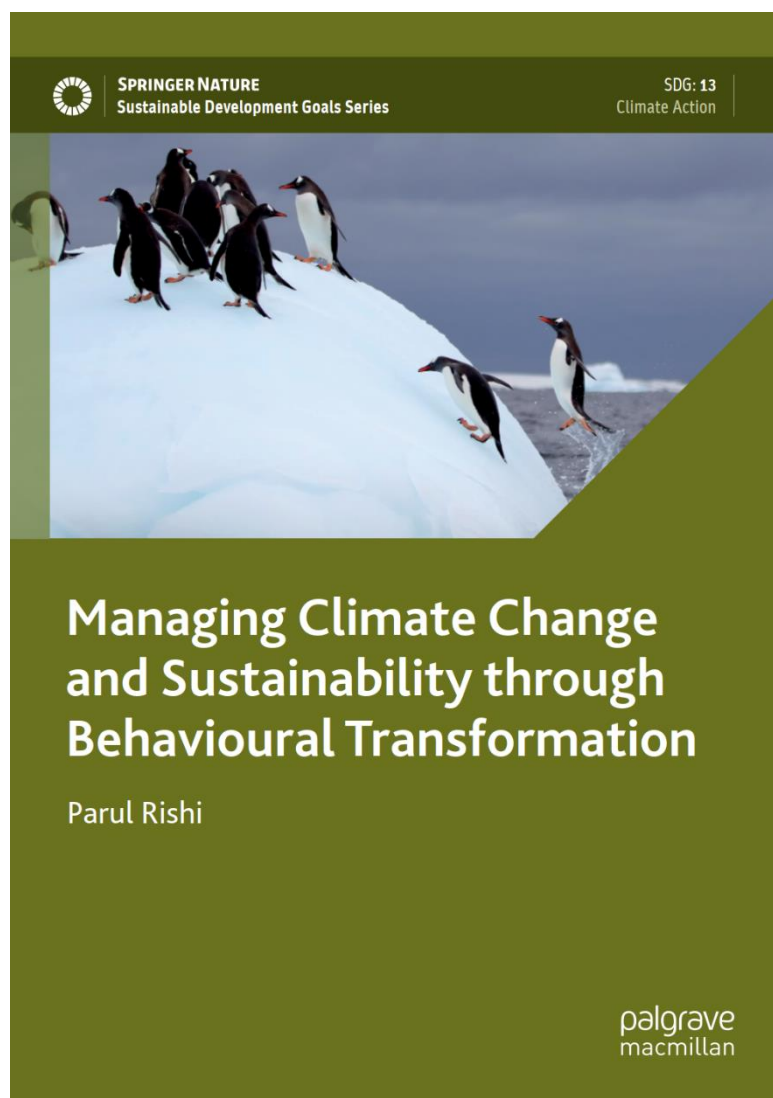

Chairperson, Centre for Corporate Social Responsibility

Indian Institute of Forest Management, Bhopal, India

While appreciating the personal visit of Prof. (Ms.) Parul Rishi to the Agroecology Field Site of the Headquarters of Radhasoami Satsang Sabha (Registered as Religious & Charitable Society), Dayalbagh, Agra- 282005/Agra North, Uttar Pradesh, Sovereign Republic of India, on 25.05.2022, and giving us the benefit of the Electronic Copy of her recently authored Book: Managing Climate Change and Sustainability through Behavioural Transformation with cover page as reproduced herewith:

It is pertinent to refer to the much broader concept of **Consciousness Studies in Sciences and Humanities: Eastern and Western Perspectives (10.05.2022)**, with particular reference to the recent initiative; **“Talking God with a theoretical physicist”: Nobel laureate Frank Wilczek speaks about the link between science and spirituality”.**

Accordingly, this publication under notice by & of Prof. (Ms.) Parul Rishi, requires due appreciation of the following prior-initiatives already taken on behalf of Dayalbagh Educational Institute (DEI, Deemed to be University) which owns and administers Rajaborari Estate among several others {further w.r.t. National & International Bodies e.g. Notably: Indian Agricultural Research Institute (IARI), Systems Society of India (SSI); DRSANA, DRSAE, DRSA, DRSAAP, AAFDEI, Clearwater Analytics (vide Mr. Anurag Singh, Managing Director)); which is the subject matter of this Case Study published under Springer Nature (Palgrave Macmillan); in terms of the Single, Double, even Triple Sidelined/Underlined portions being referred to, as already uploaded at our free & open website: edeiwww.education.
