On the Auspicious Occasion of Bhandara of Param Guru Huzur Sahabji Maharaj

The Momentous time 06:25:45 PM (25/02/2024), in enhancing the humanity contributing not only to the glorious history in ever fascinating points, lengths, breadths, oceanic depths and skype peaking, chimes, climes and crimes of Ra (Sahasdal Kamal: Niranjana) Dha (Trikuti: Om/Aum) Sva (Shunya/Zero (Origin/Basis Time Vector)/Shunya/Sunn & Mahashunya/Mahasunn: Rarang) Aa (Bhanwargupha: Sohang) Mi (Sat Lok: Sat Sat Sat), represents greater skying from the present cloud computing as the Basis of such prognosis. This is an ever continuing saga of phenomenal success by Aryans, inherent in the Five Fundamental Basic Components, represented by Ra (Sahasdal Kamal: Niranjana) Dha (Trikuti: Om/Aum) Sva (Shunya/Zero (Origin/Basis Time Vector)/Shunya/Sunn & Mahashunya/Mahasunn: Rarang) Aa (Bhanwargupha: Sohang) Mi (Sat Lok: Sat Sat Sat) and Maya, recognised as the Nether Pole, which the Lord God Almighty Ra (Sahasdal Kamal: Niranjana) Dha (Trikuti: Om/Aum) Sva (Shunya/Zero (Origin/Basis Time Vector)/Sunn & Mahashunya/Mahasunn (i.e. its precedent, not yet fully comprehended): Rarang) Aa (synonymous to its historic records of ever expanding Origin of the Ultimate Lord God of All Creational Universe, embedded in the Articulative Name or mediated and presented by Sohang (Bhanwargupha: Sohang)) Mi (Sat Lok: Sat Sat Sat) The Ultimate Reservoir of Spirituality, not yet fully explored, therefore the Ab initio to Ad infinitum at Sat Sat Sat, as its measurable equivalent as ever expanding Peaks & Pinnacles, exemplified by Sir Edmund Percival Hillary's piggyback ride on Tenzing Norgay Sherpa. The concerned so-called Capitalist and Marxists bring themselves to a conflict among themselves, rather than fortifying them by uniting their experiences for Blissful existence Forever & Ever through Lord God of All Faiths/Spirituality Ra Dha Sva Aa Mi (Name Vector, Time Vector, enclosed by the Land/Field Space).
