

Chapter-21

Central Facilities

Our Commitment

“To cultivate safe and comprehensive central facilities by caring and respect to students, staff members and visitors.”

OBJECTIVES

To create opportunities for students and staff to advance their knowledge and service in current & contemporary sphere: for uplifting the consciousness of an individual.

To improve the operational efficiency of the Institute and to be cost effective.

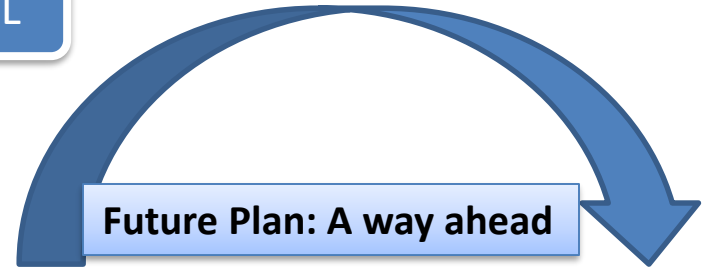

To provide students the opportunity to serve in multidisciplinary settings to enable them for facing the real life challenges.

To provide benefit to the Institute stakeholders in terms of better worldliness.
