- 18.. The Director of the Institute expressed deep concern for delay in declaration of Institute results for the academic session 2016-17 which occurred due to inadvertent delay in submission of internal marks by the majority of the teachers, these marks which should have been submitted before the commencement of summer vacation i.e. at the latest by 21.5.2017. The Director also informed that a notice to this effect was widely circulated among the teaching staff of the Institute but even then many teachers did not pay heed and many submitted their internal evaluation awards after the summer vacation, which caused delay in preparation of results.

The members expressed their serious concern over the above lapse and unanimously resolved that in future disciplinary action be taken against such defaulters and the responsibility of submission of internal evaluation should be assigned to Heads of the Departments as well as Deans of the respective faculties.

19. The Academic Council noted that UGC has notified a 'Public Notice' vide No. F.1-1/2017(Secy.) dated 24.5.2017 in which it is stated that the duration of Bachelor of Fine Arts (BFA) and Bachelor Visual Arts (BFA) course is four (04) years.

The following remarks/suggestions by the members of the Academic Council emerged during the two days meeting.

(a) If a department has undertaken major changes in the syllabus as per the template, then those changes should be implemented and tested for the next three years and the feedback should be periodically collected in order to modify the syllabus after the completion of three years. Also, if a department suggests changes in the syllabus, then it would be appropriate to mention the date of the last change made in the syllabus.

(b) If a candidate has been admitted in Ph.D. or M.Phil. programme of the Institute, she/he is not eligible to pursue any other degree or diploma from anywhere, whatsoever. The students, selected for Ph.D. programme of the Institute, are required to join the course work as per the UGC norms in their respective department but M.Phil. degree holder students are exempted from course work. The synopsis for Ph.D. thesis will be submitted after the completion of the course work.

(c) Students of the Faculties of Engineering, Commerce, Science and Social Sciences must be encouraged to learn and use the available on-line reading/reference materials such as Wikipedia and on-line courses offered by the International Universities.

Resolved that these observations are approved to be included in the minutes of the meeting.

B.Tech. programme of the Faculty of Engineering, DEI is on the higher with 250 credits. It may be examined if and how this can be reduced keeping the relevance of the curriculum.

The members desired that while doing this exercise, innovative features should find a place in the curriculum and efforts should be made to strike a balance in the curriculum rather than focussing exclusively on reducing the total number of credits.

Members further desired that the matter be presented in the next meeting of the Academic Council scheduled in July, 2017.

Department of Botany

The Department of Botany made a presentation for introducing two new courses:-

- (i) B.Sc. Agriculture Sciences
- (ii) B.Voc. Agriculture Technology

The members of the Academic Council suggested that the B.Sc. Agriculture syllabus should comply with the 5th Dean's report on curriculum details for undergraduate agriculture course. This point should be carefully examined and complied with.

It was further suggested that the existing work experience course on 'Herbal Garden' offered to first and second semesters students be modified to accommodate more practical work in the first and second semester. BOW-101 titled 'Herbal Garden I' is being replaced with the title 'Herbal Garden and Herbal Technology-Part I' and related practicals have been incorporated. Herbal Garden-II offered to second semester students is being changed to 'Herbal Garden and Herbal Technology-II' and the content of the syllabus is also being modified accordingly.

 - xiv) PG Diploma in Urban Planning and Management

Resolved that all the minor changes proposed in the syllabi of the above courses as given in Appendix-I be and are hereby approved.

Resolved further that -

Department of Psychology

It is proposed that two separate specializations in MA. (S.S.) (Psychology) Programme viz. (i) Organizational Behaviour and (ii) Clinical Psychology with compulsory 50 days Field Training in an Industry or a Hospital, with the under mentioned structure be offered:

- I Semester – All the Five Courses will be compulsory.
- II Semester – Two Courses compulsory & Two Courses Optional/Elective
- III Semester – All the Courses Optional/Elective with compulsory Dissertation
- IV Semester – Field Training for 50 days in an Industry or a Hospital and advanced elective research oriented courses be and are hereby approved.

The members were apprised that the proposal for two separate Post Graduate Diploma level courses of one year duration in (i) Clinical Psychology and (ii) Organizational Behaviour was considered by the Academic Council. There were extended deliberations related to the utility/feasibility of the Course vis-à-vis employability of students of PG Diploma Course in Clinical Psychology.

The Members of the Council were also informed that initially all the students may not get a chance to work as independent Counsellors in Medical

and Hospital setup, Rehabilitation Centres, Drug Addiction Centers etc. but they may work in junior positions assisting and supporting the Senior Counsellors. After acquiring adequate experience they may rise to senior positions. They may also be absorbed as Junior Counsellors in the organizations like schools, colleges or even in industries.

The Members were further informed that the minimum qualification for admission to these courses will be graduation in the relevant field and the students will be required to undergo a compulsory 50 days Field Training in an industry or a hospital alongwith relevant theoretical inputs.

The issue of compatibility of the P G Diploma Courses with other Institutes offering the same courses was also considered. The Members were informed that such courses are being offered by Institutes, like, National Council of Educational Research & Training (NCERT), New Delhi (PG Diploma in Guidance & Counselling), Tata Institute of Social Sciences (TISS), Mumbai (P G Diploma in Clinical Psychology) & IGNOU, Delhi (P G Diploma in Clinical Psychology) and their students get suitably employed. Even our M.A. (Psychology) students, who do not possess any practical training in Clinical Psychology have worked successfully as Counsellors in Kendriya Vidyalaya, Mathura and at Air Force Station, Agra etc.

It was also mentioned that the students who are not academically sound (in theory) and not suitable for P.G. Level Compulsory Dissertations and who do not possess potential, orientation and inclination for further research; but are otherwise competent in practical work, can profitably acquire practical skills in Clinical Psychology & Counselling and become a part of job market.

The Academic Council after due deliberations suggested that the Institute may explore the utility/feasibility of such 'One Year Post Graduate Diploma Course in Clinical Psychology' with institutions already successfully running these courses and also check employability of students studying these PG Diploma Courses.

Department of Economics

The Members emphasized that contemporary changes which are more relevant in the current scenario should be introduced, i.e., new structure and role of 'Niti Aayog', Indian Economic Planning, Data Analysis should also be included. The Members were apprised of the recently introduced programme 'Executive MBA' with Genpact Headstrong Pvt. Ltd., Noida.

Members suggested that Course No. ECM 606 'Economics of Health & Education' is not relevant and it should be dropped. The ECM 606 was an additional optional paper recommended by departmental Board of Studies which was not approved by the members of the Academic Council. In place of this paper on 'Industrial Economics' is already taught.

Department of Sociology & Political Science

Some changes in course MHR 112 as suggested by the Department of Sociology & Political Science have been accepted.

Department of Management

It was suggested that the online course DBD 205: Logistics, Soc. Media, Web & Learning Analytics should be taught in place of subject MBM433 (Business Research Methods), before students leave for Co-op training. This will be useful in their training projects. This would also require that the Major Project courses MBM431 and MBM441 be made more application based and less research methodology oriented. The research methodology concepts may be tested in the Dissertation courses.

B.Tech. Footwear/BBA Dual degree – Earlier, the following course structure was proposed for B. Tech. Footwear Tech. - BBA dual degree course, with the BBA component of 84 credits. It was informed by Faculty of Engineering that the B. Tech. Students want flexibility in terms of greater number of exit options. It was advised in the Academic Council Meeting that the BBM courses being offered to B. Tech. students in a semester may be considered as a Module. A Certificate will be given to a student on completion of one module. When the student has completed all the modules of BBM courses offered in this way, he may be given B. Tech./BBM dual degree. It may be noted that the nature of the courses of a "module" in this sense need not be "modular" (i.e., 9-weeks).

9. Considered the amendments proposed in the syllabi for the following courses offered by the **DEI Technical College** for the session 2017-2018 along with introduction of new courses, if any, as submitted by the Board of Studies of the DEI Technical College as per the provisions of Bye-law No.27(iii) (Appendix-I):
- i) Diploma in Engineering (Automobile/Electrical/Mechanical/Electronics/Civil/ Architecture Assistantship)
 - ii) Vocational Diploma in Automobile/Information Technology
 - iii) Integrated Dual Diploma-Degree Voc. Diploma in I.T. and B.Sc. Computer Science
 - iv) Diploma in Polytechnic in Textile Designing
 - v) Diploma in Polytechnic in Leather Technology Footwear
 - vi) Diploma in Polytechnic in Garment Technology
 - vii) Diploma in Polytechnic in Interior Design and Decoration
 - viii) Diploma in Polytechnic in Modern Office Management & Secretarial Practice

Resolved that all the minor changes proposed in the syllabi of the above courses as given in Appendix-I be and are hereby approved.

Resolved further that -

14(a). Considered the matter regarding failure of students in the semester-mode; the present rules in this context are as follows:

"If a student fails in more than three courses or up to one course each in odd and even semesters of an academic session for the Honours and Masters Programme in one academic session or if he/she fails to pass all the courses after the summer remedial courses or if he/she misses one/both the semesters of an academic session in part or whole, he/she will get only one more chance to repeat all the courses of the said session in the next succeeding session but in that case he/she can do so only when he re-registers for all the courses afresh.

During the repeat session also, if a student fails to pass both the semesters of the academic session, he/she will be required to leave the Institute and he/she will not be re-admitted in the same course of study."

At present, the Choice-Based Credit system (CBCS) to be implemented in the Institute, expects that if a student has successfully credited a course, he/she should be allowed to retain its credit. Since, guidelines for CBCS are being framed in the Institute and it may take time for its full implementation, the following relaxation can be accorded to the students in the present system, also:

"If a student fails in more than three courses or up to one course each in odd and even semesters of an academic session for the Honours and Masters Programme in one academic session or if he/she fails to pass all the courses after the summer remedial courses or if he/she misses one/both the semesters of an academic session in part or whole, he/she will get only one more chance to repeat all the courses of the said session in the next succeeding session but in that case he/she can do so only when he re-registers for all the courses afresh.

(NO CHANGE)

During the repeat session also, if a student fails to pass both the semesters of the academic session, he/she will be required to leave the Institute and he/she will not be re-admitted in the same course of study." (NO CHANGE)

Provided further that if a student has passed all the courses of a semester either in the first attempt or after the remedial examination(s), he/she will not be required to repeat courses of this semester in the repeat session and can register for all the courses of the remaining semester in the repeat session.

(NEW PROPOSAL)

Provided also that a student will be allowed to continue in the even semester of a session only when he/she has not been declared "FAIL" in the odd semester of that session. (NEW PROPOSAL)

Resolved that the addition of two new clauses as proposed above be and is hereby approved w.e.f. 2016-17.

17. Considered the proposal of the Head, Department of Electrical Engineering, DEI Technical College for changes in the course contents of Vocational Diploma in Information Technology as given in Annexure-5.

Resolved that the proposal be revised and be re-submitted again for approval by the Standing Committee of the Academic Council of the Institute.

18. The Director of the Institute expressed deep concern for delay in declaration of Institute results for the academic session 2016-17 which occurred due to inadvertent delay in submission of internal marks by the majority of the teachers, these marks which should have been submitted before the commencement of summer vacation i.e. at the latest by 21.5.2017. The Director also informed that a notice to this effect was widely circulated among the teaching staff of the Institute but even then many teachers did not pay heed and many submitted their internal evaluation awards after the summer vacation, which caused delay in preparation of results.

The members expressed their serious concern over the above lapse and unanimously resolved that in future disciplinary action be taken against such defaulters and the responsibility of submission of internal evaluation should be assigned to Heads of the Departments as well as Deans of the respective faculties.

19. The Academic Council noted that UGC has notified a 'Public Notice' vide No. F.1-1/2017(Secy.) dated 24.5.2017 in which it is stated that the duration of Bachelor of Fine Arts (BFA) and Bachelor Visual Arts (BFA) course is four (04) years.

The meeting ended with a vote of thanks to the Chair.

Annexure-III
Resolution no.13

(1) Integrated Post-Graduate Diploma in Urban Planning & Management (PGDUPM) with MBA –

Regarding the integration of the Post-Graduate Diploma in Urban Planning & Management (PGDUPM) programme with MBA. PGDUPM programme, a 1-yr. programme, was started last year with the following course structure.

However, in order to enhance the chances of employability of these candidates, it was proposed that it would be desirable to integrate the PGDUPM programme with the MBA degree. The modular structure of MBA requires that the PGDUPM programme also be modularised. The integrated structure of the PGDUPM-MBA integrated degree is given below (*To enable the students of 1st batch PGDUPM students, we can offer them direct admission to the regular 2-year MBA degree. Thus, it will be a lateral entry into MBA programme based on last year's entrance examination*). The proposed integration structure follows our existing MBA Integrated programmes.

The proposed eligibility criterion for this programme should be the same as that for the MBA degree. For this purpose, it is proposed that the same entrance test may be held for admission to the PGDUPM as that for the MBA. The admissions to PGDUPM may be made from MBA merit list, if approved.

In the Academic Council meeting, it was specifically suggested to rationalise the credits of PGDUPM so that after the integration with MBA, the workload on the students in any one module. In view of this, and advice of BOS experts, the following Integrated PGDUPM-MBA structure is proposed:

In the above proposal, the topics of the erstwhile courses ‘Regional Planning & Infrastructure’ and ‘Inclusive Urban Planning’ will be merged in the other existing courses.

(2) Integrating other PG courses of DEI with MBA – Integrated MBA programme is already running with BBA, B.Com. and B. Tech. options for past 7-8 years. Now, it is proposed that this may be extended further as: Integrated MBA Program with PG Programs (Degree and Diploma) in DEI in the Faculties of Arts, Science and Social Sciences. The following specifics were advised in Academic Council meeting:

- Total No. of Students to be admitted: 10 (Including all streams)
- Eligibility:
 - Open only for students who have passed their graduation from DEI and started their masters course (degree/diploma in the faculties of Arts, Social Science and Science*), w.e.f. session 2017-18
 - Open only for DEI graduates with CGPA ≥ 7.5
 - Open only for DEI graduates with Admission subject to qualifying special admission test for this Integrated MBA Program
 - Only students who are admitted to the PG courses offered by their parent faculty can enter into this program finally. Any failure to take admission into their respective Masters program will cancel their eligibility for this program automatically.
- Admission Procedure (This admission procedure is in addition to the admission procedure of their respective PG course):
 - Step 1: Bridge courses in management (four courses, to be identified), through online material, to be offered to interested candidates during the summer term (w.e.f., May 2017)
 - Step 2: Written admission test, based on the identified four subjects of management, to be organized in the first week of July (immediately after closing of the PG admissions in DEI)
 - Step 3: Selection of the candidates based upon the test performance
 - Step 4: Registration and Commencement of Classes
- The selected candidates will integrate their Masters degree programme with the following standard structure of Integrated MBA:

INTEGRATED MODE		
MODULE 1		
MBM414	INDUSTRY ANALYSIS PROJECT	4.0
MODULE 2		
MBM424	OPERATIONS MANAGEMENT	4.0
MODULE 3		
MBM431	MAJOR PROJECT-I	4.0
	SPECIALIZATION COURSE-2(A)	4.0
MODULE 4		
MBM441	MAJOR PROJECT-II	4.0
	SPECIALIZATION COURSE-1(A)	4.0
MODULE 5		
MBM411	HUMAN RESOURCE MANAGEMENT	4.0
MBM412	FOUNDATIONS OF MANAGEMENT	4.0
MBM413	ACCOUNTING FOR MANAGERS	4.0
MBM512	RESEARCH METHODOLOGY (ON-LINE COURSE)	4.0
MODULE 6		
MBM421	MARKETING MANAGEMENT	4.0
MBM422	FINANCIAL MANAGEMENT	4.0
MBM423	QUANTITATIVE TECHNIQUES	4.0
MBM522	BUSINESS COMMUNICATION (ON-LINE COURSE)	4.0
MODULE 7		
MBM531	DISSERTATION-1	8.0
MBM432	BUSINESS ENVIRONMENT	4.0
MBM433	BUSINESS RESEARCH METHODS	4.0
MBM434	ORGANISATION BEHAVIOUR	4.0
	SPECIALIZATION COURSE-2(B)	4.0
MODULE 8		
MBM541	DISSERTATION-2	8.0
MBM542	STRATEGIC MANAGEMENT	4.0
MBM543	ENTREPRENUERSHIP & LEADERSHIP DEV.	4.0
	SPECIALIZATION COURSE-1(B)	4.0
MODULE 9		
MBM511	WORK TERM PROJECT-1 (CO-OP. TRAINING)	8.0
MODULE 10		
MBM521	WORK TERM PROJECT-2 (CO-OP. TRAINING)	8.0

Thus, initially the components of management courses will be less, while the student is taking first year PG courses in their parent Faculty, and gradually the management component will be increased.

(3) Research Methodology Courses in MBA - In MBA curriculum, two courses on Research Methodology are offered. The first, MBM433: BUSINESS RESEARCH METHODS, is taught in the 3rd module (i.e., in 2nd semester). This course is helpful for students during their Co-op training in 5th and 6th modules (i.e., third semester). The second course, MBM512, RESEARCH METHODOLOGY, which is a university-wide requirement at the P.G. level, is offered during the Co-op training (5th module) as an online course. As there is significant overlap in the contents of the two courses, it was suggested in the Academic Council that only one subject should be taught. Specifically, it was suggested that the online course DBD 205: Logistics, Soc. Media, Web & Learning Analytics should be taught in place of subject MBM433 (Business Research methods), before students leave for Co-op training. This will be useful in their training projects. This would also require that the Major Project courses MBM431 and MBM441 be made more application based and less research methodology oriented. The research methodology concepts may be tested in the Dissertation courses.

(4) B.Tech. Leather/BBA Dual degree – Earlier, the following course structure was proposed for B. Tech. Footwear Tech. - BBA dual degree course, with the BBA component of 84 credits. It was informed by Fac. of Engg. that the B. Tech. Students wanted flexibility in terms of greater number of exit options. It was advised in the Academic Council Meeting that the BBM courses being offered to B. Tech students in a semester may be considered a Module. A Certificate will be given to a student on completion of a module. When the student has completed all the modules of BBM courses offered in this way, he may be given B. Tech./BBM dual degree. It may be noted that the nature of the courses of a “module” in this sense need not be “modular” (i.e., 9-weeks). Thus, the BBM courses may remain semester courses. The proposed structure of BBM modules is given below:

S. No.	Module	BBM Course Code/Title	Subject code	Credits
1	I	BBH-101 -BUSINESS ORGANIZATION	FBM-101	3
