### **About CII**

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies.

### **About Institute of Science and Technology, Jawaharlal Nehru Technological University Hyderabad**

Jawaharlal Nehru Technological University Hyderabad was established on 2 October 1972 by the Legislature of the State of Andhra Pradesh as the first-ever Technological University in the country. It has been in the forefront during the last forty-five years in providing quality technical education of relevance in the State of erstwhile Andhra Pradesh and present Telangana.

The Institute of Science & Technology, JNTUH, was established in the year 1989 as one of the constituent units to provide exclusive post graduate education and research.

The Institute provides post graduate education and conducts research, consultancy and outreach programs in Biotechnology, Chemical Science and Technology, Environmental Science and Technology, NanoScience & Technology, Spatial Information Technology and Water Resources.

The curriculum has interdisciplinary and multi-disciplinary areas such as, Environmental Geomatics, Natural Resources Management, Environmental Impact Assessment, Water and Waste water treatment, Water Resources Engineering, Energy Studies, and others. The Institute has established linkages between academic peers, research organizations, industry groups.

#### **About Dayalbagh Educational Institute**

The Institute has introduced a scheme of innovative and comprehensive education at university and non-university levels in general and technical education. It aims at excellence but not at the cost of the relevance, thus inculcates dignity of labour, encourages initiative and creative work, which is multi-disciplinary. The Institute prepares men, women for the increasingly techno-oriented society of tomorrow without uprooting them from their agricultural moorings, which will generate in the alumni the basic values of humanism, secularism and democracy by exposing them to the principles of all the major religions of the world and to their own cultural heritage, thus developing in them an integrated personality of well-adjusted human whose world has not been broken into fragments by narrow domestic walls.
