Community Engagement & Social Responsibility is 2 Credit Course
(One Credit is for Theory and One Credit is for Field Work).

India is a country of villages; therefore, rural development is the fundamental need of its progress. This course describes the various dimensions of rural life and its development in India. It advocates the importance of community development through self help groups. The course emphasises on the health and well-being of villagers. In addition to this, the concepts of literacy and employment have been elaborated in the context of rural culture and multi-dimensional development of rural India.

This course highlights the contribution of social networking as a bridge between the various government

The event featured an exclusive showcase of the Massive Open Online Course on Community Engagement and Social Responsibility. Key highlights of the course were shared with visitors, inspiring them to explore its impact and encouraging their enrollment.
