12. Considered the proposal of the Head, Department of Accountancy & Law, Faculty of Commerce seeking approval for starting a new course 'Five-year Integrated Programme-M.Com. (Corporate Accounting & Law)'.

The members desired that pre-requisite information should be clearly stated with a broad based student intake perspective. As this integrated programme is essentially tailored for Chartered Accountants, the objective of the programme should also be well defined. The members were of the opinion that more relevant topics like Goods and Service Tax (GST) and Indian Accounting Standard should be introduced.

Resolved that the semester-wise details of the courses to be offered in the five terms Integrated Programme- M.Com (Corporate Accounting & Law) be presented in the next Academic Council Meeting. Courses for semester-V and VI be introduced w.e.f. July 2017-18 session subject to approval by Academic Council meeting to be held in July 2017.

Upgradation of existing nine-week modular programmes to one year Diploma programme

- (a) One Year Diploma Course in Translation Studies
- (b) One Year Diploma Course in Media Writing

In the last meeting of the Academic Council held on 17.3.2018 vide resolution no.13 it was decided to start new B.Voc programmes in the following areas from the session 2018-19. In this connection in the last meeting a five member committee was constituted comprising Prof. J.K. Verma, Dean, PG, Prof. S.P. Srivastava, Dean, UG, Prof. G.S. Tyagi, Member of the Academic Council (Nominated by the Director), Shri Anurag Singh, Nominated by the Director (from Industry) and Prof. Sanjeev Swami, (Nominee of the Director).

The minutes of the committee were read out by Prof. J.K. Verma, Dean, PG and accordingly the following new B.Voc. programmes as suggested by the Committee would be taken up in a phased manner-

(a) **B.Voc. in Tourism and Hospitality Management (Presented by Dr. Prem Shankar Singh)**

The members appreciated the contents of the proposal but mentioned that the concerned department should add value to this programme and more discussions should be held with experienced people from industry to enrich the programme. There was some reservation regarding the "Hospitality Management" in the title which should be reconsidered.

(b) **B.Voc. in Commercial Arts (presented by Dr. Meenakshi Thakur)**

The members appreciated the presentation and mentioned that this course has a very wide scope and it may also include areas like designing, work on stones, glass, e-cards. Some members also pointed out that in view of the upcoming technology the title may be reviewed as 'Commercial Digital Arts'.

(c) **B.Voc. in Ceramic and Pottery Design (presented by Dr. Lucky Tonk)**

This creative craft has important bearing on Indian civilization too. The course offers experimentation with shape, function texture and colours for designing functional pottery.

(d) **B.Voc. in Telematics (presented by Dr. K.S. Daya)**

The members appreciated the scope of the B.Voc. programme in Telematics particularly with reference to our MoU with Lanka Ashok Leyland of Sri Lanka. The course has wider scope in e-mobility and traffic management, safety regulations and connects the students with jobs opportunities in the future. It was also mentioned that the common domain of IoT and Telematics should be carefully looked into. The committee recommended the faculty support of four persons for this new programme.

(e) **B.Voc. in Greenhouse Technology (presented by Dr. Amit Kumar Sharma)**

The members pointed out that the Institute must look for some partner for signing an MoU with Israel as they proved bench mark in respect of cutting edge agro technology and water management. Prof. A.K. Saxena and Mr. Gaurav Rana shall also contribute to this B.Voc. programme.

(f) **B.Voc. in Robotics and AI (presented by Prof. C.Patvardhan)**

The committee recommended three faculty members to support this new programme.

The committee observed that AI is a powerful movement to tackle social challenges. The robust artificial neural networks are used as clinical support decision system for medical diagnosis. Similarly smart cities gather real time data, combined with the capabilities of AI to run more efficiently and effectively. AI application has also an upfront in the agriculture sector.

(g) **B.Voc. in Accounting and Taxation (presented by Dr. Saurabh Mani)**

The members mentioned that this B.Voc. in Accounting and Taxation must find integration with the conventional B.Com. and BBA courses. Full utilisation of taxation softwares should be made for learning business accounting effectively.

(h) **B.Voc in Financial Services Analyst (VFS) (presented by Prof. Sanjeev Swami)**

The members noted that B.Voc. in Financial Services Analyst has been developed in order to develop the skills of students in Financial Services Sector. This will increase the scope of employability, as everyone wants to go for financial planning, either by tax planning or investment planning.

The members further noted that on the completion of the program, the students will be able to:

- Identify the basics of financial advisory and the process involved in providing these services.
- Understand the evaluation of diverse products, their suitability according to market risks, various risk-return strategies in a personal investment and alternatives present to the investor.
- Acquire the understanding of the Income tax, Wealth tax and legalities of estate planning in personal finance, and regulatory aspects underlying advisory.
- Acquaintance with financial planning as an approach to investment, insurance, retirement planning and an aid for advisors to develop long term relationships with their clients.

The members also suggested that the names of Ms. Jaspreet Kaur and Dr. Sunita Malhotra be included.

(i) **B.Voc. in Digital Manufacturing (presented by Prof. Rahul Swarup Sharma)**

The members noted that in this age of rapid industrialization, industries are facing the scarcity of skilled technicians especially in Digital Manufacturing.

To keep pace with the advancement in technology and learning, course on Digital Manufacturing (CAD Tools, 3D Printing, CNC & advanced manufacturing) is being launched.

This course is of six-semester ( 3 years) duration. The motive behind the launch of this course is to impart quality skill based knowledge and to flourish and develop in students the quality of becoming an entrepreneur so that they can serve better to the society and contribute in national progress. DEI also has a tie-up industries so that students can avail industrial experience during the course. The students are going to be trained in Digital Manufacturing, which is a manufacturing process that complements traditional production processes. By enabling one to produce prototypes, tools and final parts directly from CAD data, digital manufacturing fosters reductions in delivery times and production costs while improving overall product quality. Course will offer a wide variety of training for the Digital Manufacturing field. Students have the opportunity to train in everything from running a CNC machine to advanced CAD/CAM software to 3D Printer. The program focuses on computer technology to meet industry needs. B. Voc. in Digital Manufacturing will be awarded upon graduation.

Tentative job roles on completion of the course can be: CAD Designer/CAD-CAM Manager / Product Designer/ Entrepreneur.

(j) **B.Voc. in IoT (Presented by Dr. R.S. Pavitr)**

The real benefit of IoT to the society would be possible if we fix our priorities in (i) Smart cities, (b) Agriculture Sector, and (iii) Health Sector. It was also suggested by the members that there should be projects in every semester during the B.Voc. programme for greater participation of students. As per the IIT system, Relay Projects may be started in Ist year, IInd Year, and IIIrd year where the Ist year students get oriented, second year students get shaped up and the third year students deliver the project outcome. The programme in IoT should also look for the common areas in telematics, robotics and artificial intelligence.

(k) The Upgradation of existing 9 weeks modular programmes to three year B.Voc. Programme and also for upgradation of 9 weeks programme to one year diploma programme may be taken up in the next academic year.

(l) **B.Sc. in Agriculture Sciences as Faculty of Agriculture.**

To cater to the growing needs, agriculture education, DEI intends to start a B.Sc. Agriculture Sciences programme as Faculty of Agriculture. The course will be of four years and will be skill based and in a modular mode. The syllabus is as per Vth Dean report.

Agriculture education as it is prevalent in the extant agriculture colleges/Institutes does not orient the students to field work and practical knowledge. Realising this gap DEI has framed the syllabus laying emphasis on the skill component. Therefore, the student is well trained in both theoretical and practical aspects.

DEI has the necessary infrastructure to start a full fledge B.Sc. Agriculture Sciences. Further, Agriculture operation and Rural Development are core courses for all streams of undergraduate studies. Agriculture has been in practice at Dayalbagh for the last 100 years and crops during the three sessions of Rabi, Kharif & Jait are cultivated here. Therefore it is imperative to start a B.Sc. Agriculture Sciences programme at DEI.

**ANY OTHER ITEM**

4. **The following items were also discussed during the meeting:-**

**(A) Responsibility to be fixed for not submitting the internal marks.**

Members suggested that-

(i) Regular meetings of the individual teachers should be held to expedite the process.

(ii) Members were of the opinion that process is complicated and it should be simplified.

(iii) Heads of the Departments should be held responsible in case the individual teachers from their departments do not submit the internal marks in time.

(iv) Displeasure of the Director may be communicated/conveyed if even after repeated requests the teacher does not submit marks and his/her increment be withheld.

However, members were of the opinion that the different levels process should be well defined, properly laid down and timely communication among faculty staff before taking steps in this matter. The matter of teaching engaging classes was also viewed seriously. In case the teacher leaves station, the Heads of the Department before recommending his/her application should mention in a note about his/her substitute so that the classes are not disrupted.

**(B) DEI Research Promotion Policy (presented by Prof. Sukhdev Rao)**

The document prepared for DEI Research Promotion policy is mainly based on DEI Education Policy-1975 and this document is dynamic in nature.

The members suggested that more emphasis should be given to interdisciplinary research and also empowering research work for a social cause. Two important features 'Ethical Research' and 'Conflict of Interest' should be incorporated in the research promotion policy document.

**(C)** The Institute has signed MoUs with a number of universities/institutions/industries for a joint collaboration with DEI. It was felt that promotion of research, greater participation of staff should be encouraged with financial support from AADEIs.

The members suggested the financial assistance out of Institute Fund to students for carrying out research activities in Institutions/ Universities/ Research Labs having MoUs with DEI, as under:

Head	In India		Abroad
Travel Assistance	Rs. 7500/- OR up to 3AC train fare with incidental expenses whichever is less		Rs. 75000/- or actual whichever is less
Assistance for boarding and lodging	Rs. 3500/- maximum per month (on pro rata basis) or actual expenses whichever is less		500 dollars per week (on pro rata basis) or actual whichever is less.
Registration fee (if any)	Actual		Actual

At this stage the members of the Academic Council suggested not to grant financial support to the teaching faculties and further suggested that they should look for grant/support from other financing agencies. A committee may be formed to look into the duration for which the candidate should undertake a joint collaborative programme in the MoU.

**(D) Research Divisions**

(i) The Institute has recently created a research division. It was pointed out that the central facilities of the Institute and all other facilities existing within the Institute should be available to the faculty members. A booking mechanism of the time slot for utilisation of such facilities should be worked out. A committee comprising a Coordinator along with two Co-Coordinators may be constituted to look into this matter for final details.

(ii) It was also discussed that keys of the central facilities and existing facilities should be kept at CAO.

(iii) The members also suggested the appointment of Dean, Student Welfare/Dean, Student affairs for promoting students participation in this category.

(E) Scholarship-cum-Means/Assistantship for students of DEI for promoting student activities.

It was mentioned that this merit-cum-means scholarship should be linked with tuition fee and the assistantship should be worked out in such a way that it is adequate to meet the expenses of the students.

A committee may be constituted to look after final details of this item.

(F) Lateral Entry Scheme from Diploma to B.Tech.

The members noted that it was agreed upon at the time of admission that students admitted through lateral entry scheme in the session 2017-18 to B.Tech would have to secure atleast absolute 75% marks in Mathematics.

Resolved that those students who could not fulfil the aforesaid condition will be allowed to continue with the condition that they will have to clear one additional course of Mathematics at III<sup>rd</sup> year level which shall be offered by the faculty.
