

Transdisciplinary Bachelors Degree Programme

The Dayalbagh Educational Institute (DEI) has launched a transdisciplinary Bachelors degree programme in Liberal Arts, Sciences and Commerce from this session.

The Faculty of Arts, Faculty of Commerce, Faculty of Social Science and the Faculty of Science will offer this degree programme.

The degree gives you the opportunity to create your own tailored programme incorporating subjects from arts, commerce, social science and sciences along with the study of innovative core modules of Cognitive Science to enhance the link between disciplines.

This programme is specifically designed for those students who would like to break the barriers of conventional discipline and would like to explore the interfaces of STEM.

Objective of this programme is to create niche and leadership in the upcoming transdisciplinary areas like Bioeconomics, Behavioural Economics, Music-Mathematics & Cognition, Adaptive Learning to name few.

The institute invites application from meritorious and enterprising students with following qualifications:

- Who have passed class XII examination from any stream
- Who have also cleared the written entrance test of DEI held in JUNE 2019
- Have not been admitted so far in DEI in any programme.

Admissions will be offered only to suitable candidates after counseling.

Interested candidates can submit a written application by **4:00 PM of August 17, 2019** to:

Prof. Kamaljeet Sandhu

Coordinator, Transdisciplinary Bachelors Degree Programme

Dean, Faculty of Social Science
