Dayalbagh Educational Institute- a deemed university which is governed by value based education system and follows a continuous evaluation structure which is of paramount importance in shaping the personality of the student as a 360 degree all-rounder. The faculty of the college is very experienced and learned. Apart from A grade education the university also provide a lots of opportunities in terms of cultural and extra-curricular activities. The fees is very low so that meritorious students from all sects of the society can study here. The infrastructure is good but not very lavish but again quality of education does not lie in big building...
